

## TRUST & CONTACTS

## Where Italian Design Opens New Possibilities

**FAP Group** designs and manufactures premium doors for motorhomes and caravans, combining **lightweight engineering, strength, and elegance** in every product.

From concept to production, each door reflects our passion for **innovation, safety, and Italian craftsmanship**.

Trusted by the main leading European manufacturers, FAP Group delivers **customized solutions** that enhance both comfort and style.

**Made in Italy • ISO 9001 Certified • ESG Committed**  
*Innovation, style, and functionality – the Italian way.*

### Trusted by Europe's Leading RV Manufacturers

Our partnerships with major European motorhome brands confirm the reliability, versatility, and design quality of FAP doors.

We are proud suppliers to some of the leading European RV manufacturers, providing bespoke solutions that meet the highest standards in the industry.

### Why Choose FAP Group

- / Italian design and manufacturing excellence 🇮🇹
- / ISO 9001 certified quality
- / ESG and sustainability commitment
- / Customized solutions for OEMs
- / Continuous innovation and modular engineering

*Reliability, precision, and design – built  
into every FAP door.*

## COMPANY / INNOVATION

### Engineering Excellence, Built to Last

At **FAP Group**, quality isn't just a standard – it's a mindset. Our **ISO 9001-certified Quality Management System** ensures precision, repeatability, and reliability at every stage of production.

With our **robotic manufacturing lines**, we achieve consistent performance and flawless assembly while reducing waste and optimizing efficiency. Each component – from locks to profiles – is engineered with meticulous attention to detail, ensuring long-term durability and perfect integration with every vehicle.

Our **modular design philosophy** allows faster prototyping, easier installation, and scalable production for OEM partners. The result: tailor-made door systems that combine advanced technology with Italian design.

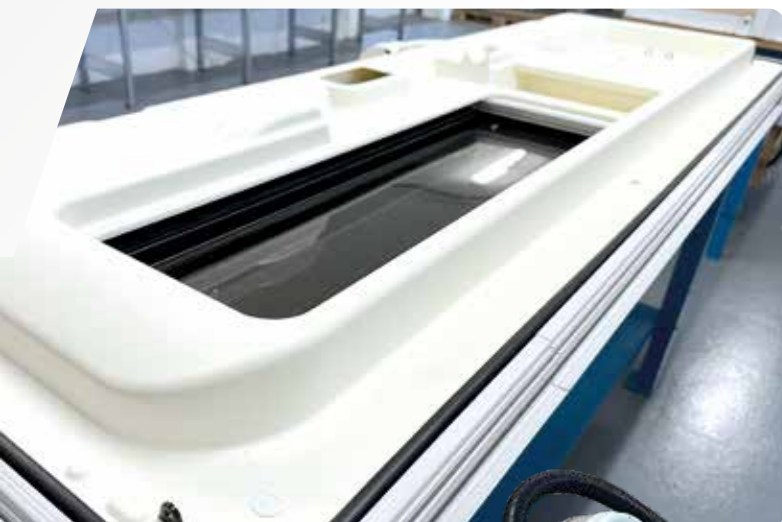

### Sustainability & ESG

Responsible innovation is part of who we are.

We continuously work to reduce energy consumption and material waste, while promoting safe, inclusive workplaces and transparent governance.

Because true excellence  
must also be sustainable

## THE DOOR RANGE

### The Complete Range of Doors for Recreational Vehicles

/ 01

#### Caravan Door

Lightweight, secure, and fully customizable. Designed for caravans and lightweight RVs, this door combines solid construction with reduced thickness and excellent insulation. Available in various colors and finishes to match any model.

/ 02

#### Entrance Door

Comfort and functionality in every detail. Our signature motorhome entrance door integrates practical options such as a **window with blackout shade, mosquito screen, removable waste bin, and two-point locking system**. A perfect balance of design, convenience, and safety.

/ 03

#### Entrance Door with Concealed Handle

Design meets innovation. The handle is cleverly integrated within the interior grab bar – completely hidden yet fully functional. The result is smooth operation and a sleek, modern appearance. Chosen by some of the top European manufacturers for its elegance and reliability.

/ 04

#### Motorhome Driver Door

Efficiency that opens new possibilities. With a thickness under **50 mm** and a weight of only **19 kg**, this door helps optimize vehicle weight and interior space – allowing larger fold-down beds without interference. Lightweight, precise, and built to perform – all proudly made in Italy.

All FAP doors can be equipped with **central locking**, a **mosquito screen**, and the **Selfy System** for automatic soft closing.
